

MOM CREATOR / MOMAGER MEDIA KIT

Warm guidance. Privacy by design. A creator system that fits real life.

Momager support helps mothers clarify what they want to be known for, choose sustainable content pillars and decide how visible their child should be before filming begins.

Personalised Mom Creator Assessment - INR 500

A practical questionnaire, a personalised ideas PDF with positioning, three content pillars and starter ideas, followed by an explanation call of up to 20 minutes. Standard turnaround: 3-5 working days after the completed questionnaire.

Momager coaching

Structured coaching can cover positioning, content pillars, filming, editing, consistency, privacy and basic monetisation. Availability, schedule and package pricing are confirmed after understanding the right level of support.

Personalised plans in practice

Mamta

Mother-and-baby learning and growth with a realistic two-Reel rhythm.

Sapna

Visible, faceless or mixed content built around explicit child-privacy choices.

Poorvi

A repeatable connect, value and trust rhythm designed to build recognition before monetisation.

Privacy by design

- Choose visible, faceless or mixed content before filming.
- Use hands, feet, back-of-head moments, routines, voiceovers or fully mother-led content where appropriate.
- Avoid live location, school details, health information, family conflict and private identity records.
- No child image, family detail or private message is used publicly without specific permission.
- No promise of followers, virality, sales or brand selection.
