Boundaries keep the work calm and clear.

- **Booking:** INR 500 assessments are paid in full in advance. Custom projects require 50% to book and 50% before final unwatermarked delivery, unless the signed quote says otherwise.
- **Feedback:** Revision rounds require one consolidated message from the decision-maker. A new direction or new brief is re-quoted.
- **Timing:** Turnaround begins only after payment, complete inputs and approvals are received. Client delays move the delivery date.
- **Cancellations:** Booking payments reserve time and are non-refundable once work begins. Work completed beyond the booking amount remains payable.
- **Rights:** Final usage, duration, platforms, whitelisting and exclusivity must be written into the quote. Khushboo may not publish private client or child content without permission.
- **Results:** Reach, followers, sales, virality, media approval and creator response cannot be guaranteed.
- **File retention:** Working files and raw footage are retained for 30 days after final delivery unless longer storage is purchased.
- **Communication:** Business communication happens during agreed working hours. Urgent or weekend requests may require a rush fee and availability confirmation.
